Suitable applicants will be invited to an interview and asked to give a short teaching demonstration.

Tutors in Statistics (Casual/Sessional)

School of Mathematics and Statistics

Part-time tutors required to assist with first and second year courses. Suitable applicants require:

• A relevant honours degree (or equivalent), with good qualifications in Statistics;
• Good communication skills;
• Good spoken and written English;
• Familiarity with the statistical components of either Matlab or Excel and a willingness to become proficient in both of these.

Applicants who are non-Australian citizens must possess a valid visa permitting them to work in Australia.

Further information may be obtained from: Dr Diana Combe on (02) 9385 7022 or email diana@unsw.edu.au.

Applications, addressing all the above criteria and including a short CV and the names of 2 referees should be submitted by 4th February, 2009, to:

Dr Diana Combe, Department of Statistics
School of Mathematics and Statistics
UNSW, Sydney NSW, 2052, Australia
or by email to diana@unsw.edu.au

Suitable applicants will be invited to an interview and asked to give a short teaching demonstration.
